Handong International Law School, 2010
B.E., Aeronautical & Mechanical Engineering
Korea Aerospace University, 1996

BAR ADMISSIONS

Alabama
U.S. Patent & Trademark Office
District of Columbia

Jason Jang is an experienced patent attorney with a background in mechanical and aeronautics engineering. His work focuses on patent prosecution in the mechanical, aerospace and electrical industries.

His substantial experience, as an engineer and IP manager with more than ten years in corporate research and development, has contributed to his ability to advise engineers and IP managers who seek to maximize their return on investment through the development and management of internal IP processes and the alignment of their patent portfolio with a strategic business plan.

Mr. Jang's experience includes both civil litigation in federal court, U.S. International Trade Commission and the U.S. Department of Commerce. He also represents petitioners in *inter partes* reviews before the Patent Trial and Appeal Board (PTAB).
