

THINK FORWARD

Intellectual Property Law Firm Brinks Gilson & Lione to Address Recent Developments in IP Law

January 25, 2016

CHICAGO—Intellectual property law firm Brinks Gilson & Lione—one of the nation’s largest IP boutiques—is presenting a webinar, “2016 IP Developments,” to address issues likely to be of high relevance this year to in-house and outside IP counsel, on January 28, 2016 at 12:00 p.m. CST.

The webinar will be moderated by firm president James R. Sobieraj, who will be joined by attorneys Mark H. Remus, Amy H. Fix, William H. Frankel, and Laura Beth Miller. All will share insights on topics including the impact of post-grant proceedings on Abbreviated New Drug Application (ANDA) litigation strategies, the implications of recent decisions with respect to fair use and copyright protection and enforcement in the digital age, and the impact of administrative proceedings on IP protection and enforcement in light of U.S. Supreme Court’s decision in *B&B Hardware, Inc. v. Hargis Industries, Inc.*

Mark Remus is co-chair of Brinks’ biotechnology and pharmaceutical practice group. He has served as lead counsel on numerous patent infringement litigation matters, and has extensive experience with pharmaceutical litigation under the Hatch-Waxman Act.

Amy Fix has experience as in-house and outside patent counsel for several pharmaceutical and biopharmaceutical companies, and provides clients with strategic advice on pharmaceutical intellectual property issues. She is the senior attorney in a group of four attorneys and one patent agent that joined Brinks’ life sciences group in Research Triangle Park, N.C. in 2015.

Bill Frankel is chair of Brinks’ copyright practice group. His litigation practice encompasses patent, trademark, copyright, trade secrets, and unfair competition in the U.S. and abroad; he also counsels clients on evaluating, protecting, procuring, and transferring IP rights.

Laura Miller is a deeply experienced intellectual property litigator whose practice focuses on patent, trade secret, and trademark law.

The one-hour webinar offers CLE credit.
