Published By U.S. News & World Report November 05, 2020

CHICAGO—With five national and six metropolitan rankings, Brinks Gilson & Lione, one of the largest intellectual property law firms in the United States, has been recognized again as a top-tier law firm by *U.S. News and World Report* and *Best Lawyers* in the 2021 edition of "Best Law Firms."

The 2020 "Best Law Firms" list ranks Brinks nationally in Tier 1, the highest level, in the category of Patent Law for the eleventh year in a row, in the category of Trademark Law for the ninth year in a row, and in the category of Litigation-Intellectual Property. The firm maintained national Tier 2 rankings in Litigation-Patent and Copyright Law.

Two individual Brinks offices also received top rankings at the metropolitan level in Chicago and Indianapolis. Brinks' Indianapolis office is a new addition to the rankings this year, achieving a Tier 2 rating for Litigation – Intellectual Property and, in Chicago, the office again received Tier 1 designations in Copyright Law, Litigation-Intellectual Property, Litigation-Patent, Patent Law, and Trademark Law.

Inclusion in the *U.S. News–Best Lawyers* "Best Law Firms" list signals professional excellence and persistently impressive ratings from clients and peers. These rankings are based on a rigorous evaluation process that includes the collection of client and lawyer feedback, peer review from leading attorneys, and review of additional information provided by law firms as part of the formal submission process.

To be considered for "Best Law Firms," a firm must have at least one attorney listed in the current edition of *Best Lawyers in America*, which recognizes the top four percent of practicing attorneys in the United States.
